

CLASS SIX SUMMER INTERNSHIP PROGRAM

The Grammar School Limassol proudly announces the launch of a Class Six internship program for the second year running, scheduled to commence June 30th. This program aims to provide our students the opportunity to experience various fields of employment, enabling them to explore their interests and passions while preparing them for future endeavours.

As part of the program we have arranged with a diverse range of companies and organizations to offer our students a wide array of internship opportunities. We have compiled and attached the “Internship positions 2025” document listing all participating companies and organizations to date.

We encourage both students and parents/guardians to review the document and discuss potential internship options that align with the students interests and career expectations. Students can proceed to fill out the registration form attached.

Please note that the school serves as a liaison between students and respective organizations and cannot be held accountable for any discrepancies and issues that may arise at the organization of interest.

Details of the program include:

- Start date: All internships start on 30th of June 2025 (unless otherwise stated in the “Internships position 2025” document)
- End date: All internships are compulsory for a week (5 working days), please note that internships can be extended by more than one week upon discussion with the intern and the organization/company.
- Eligibility: Open to all Class 6 students.
- **Deadline** to submit registration forms: 04/04/25

Participation requirements

- Completed registration form
- Commitment to attend and complete the program schedule.
- Uphold professional behaviour, demonstrate respect and proudly represent our school.

We believe that this internship program will be a transformative experience for our students, equipping them with the skills and confidence needed to navigate the professional world successfully.

Please note failing to attend your assigned internship without a valid reason or withdrawing at the last minute may result in exclusion from school events, school representations, and other school-related activities. Any inappropriate behaviour during the internship will also have similar consequences.

Should you have any concerns or questions in the meantime, please do not hesitate to contact us.

Thanking you in advance for your cooperation.

Kyriakos Karmiotis and Marya Sphicas,

Heads of Class 6 and 7

The Grammar School
